Challenge To Clean-Up

Appomattox with its historical background and many natural advantages offers much to visitors and its native citizens. With 1965 being the Centennial Year. We need to do many things to improve the beauty of our county and town.

What we need to do:

1. Improve the general appearance of our highways and streets
2. Plant bulbs, flowers, and shrubs at appropriate places.
3. Promote a general clean-up, paint-up campaign.
4. Everyone can beautify entrances to drives by using attractive mail boxes with name-by sowing grass, and by planting flowers and shrubs. For instance, red and white petunias bloom from early spring to late fall and show up well. Such things as kinds of flowers, colors and evergreens are important in what we do.

Remember people will be coming to Appomattox from far and near to see what is here; let's give them something to see.

IN MEMORIAM

In memory of my husband, Adolphus R. Cyrus, who passed away two years ago, March 22, 1963.
Two years ago you left me.
And still I can't forget.
It made a weaker family
Of one that felt so strong.
Friends may think I'll soon forget.
And my wounded heart will heal
You suffered hours of bitter pain
To wait for cure but all in vain.
But God alone knew what was best.
And called you home to give you rest.
Your memory is as dear today as in
The hour you passed away.
Sadly missed by Margaret. 3-18-1t

Insects AND YOUR HEALTH

A WARNING FROM DODSON

Common sense tells us that pesticides should never be permitted to enter the water supply that we drink . . . or the water supply we use to bathe with. As a matter of fact, most pesticides should not be allowed to come into contact with the skin . . . and if this should happen . . . wash your skin immediately. If your property has a well . . . or if there is any danger whatsoever of pesticides getting into your water supply, correct this situation before applying more chemicals. Be sure! DO NOT GUESS!!

IN THE KITCHEN

When using pesticides in the kitchen take no chances on contaminating food or liquids of any form. Be sure everything is well protected before you fill the room with a spray insecticide. Before using anything of this sort, read the label very care- Bert Dodson fully and follow the directions to the letter. Take no liberties . . . no guesses! Unless you are experienced in the usage of these chemicals, take no chances. Call us and let us advise you. Your health is the most important thing in the world. We don't want you to run any risks. We will honestly tell you how you can safely apply household insecticides . . . or we'll come to your home, analyse your problem, and tell you just how inexpensive a real professional service is. If you need no service from us, we'll tell you so.

CALL DODSON TODAY

We have been protecting homes, business and families in this area for many years. We would like to help you, if you are not already a regular Dodson customer. I invite you to call DODSON PEST CONTROL in Lynchburg, Virginia, right now and let's talk about your pest control problem. Call us collect at 846-2747.

DON'T TOLERATE, LET DODSON EXTERMINATE

IN MEMORIAM

In memory of my Daddy and Grandaddy, Mr. A. R. Cyrus, who passed away two years ago, March 22, 1963.
To those who have a Daddy. Treat him with tender care.
For you will never know his value,
Until you see his vacant chair.
Could we but talk to Daddy
In that home so far away
And say how much we think of him
As we travel on each day.
Time cannot erase from our memory
The vision of his face.
His tender voice, his gentle hands,
And all he did for us.
As we think of all these things,
For which we can never repay.
It reminds us of the debt we owe
To our beloved Daddy far away.
Sadly missed by Jimmy, Daughtern and Grandsons. 3-18-1t
